

2506 VILLA ROSA

Hotel Riviera Villa Rosa
RIMINI

Hotel Villa Rosa Rimini. 18/5/59. 11:30 am.

We arrived last night at 9 am.
very tired and went straight to bed.
From Gallorbe it was old ground
to us and we enjoyed once again
seeing Hausanne and the Dents du Midi
and all that end of has been from
then on it was magnificent, though
the Simplon to Stresa & Milan, after that
flatish and monotonous to Rimini.

The beach here is enormous and
the sands wonderful, all sand & shells
& quite shallow, ideal for children.

The Hotel is very nice, what little we
have seen of it & the breakfast the usual
one but good for class. There are
several English here & many Germans.
We are spending the day idling &
finding our bearings, prices except
for wine are not cheap.

Much love from us both. Daddy.
