our meals have been excellent. The management are most helpful and try to accommodate one in every way.

We took the trolley bus to the town this morning and did some shopping, Mummy getting some handworked garments in the market & we got so thirsty that we had two lemonades at a Café where I was pleased to watch the people passing by. Tomorrow we are going to San Marino, on Thursday to Ravenna and on Friday to Venice next Tuesday to Florence. The water is very nice & I intend to bathe tomorrow morning from the hotel's beach.
