found it in the rack on our return
from Florence, at 11.30 p.m. It was
most fascinating driving through
the Apennines at night with large
heavy Camions with trailers on the
road. We had a glorious day
in Florence yesterday & were very
tired after touring the Sac Croce church,
Uffizi Gallery, the Baptistery, the Mediceo
Mausoleum & the Cathedral beside
the market, the Ponte Vecchio & walking
around the shops.

Mummy was most impressed by
the quantity & quality of the fabrics
in the shops.

We shall arrive at Victoria on
Saturday about 4 p.m. officially.

Ediz. Ri-Ma Riprod. vietata 4.50 I think.

Much Love M.O.D.
