

LAGO D'ORTA

Orta S. Giulio - Palazzo Comunale (Sec. XVI)

25.7.90

This card ~~shows the~~ ^{illustrates the} Old Town Hall near where William will be married on Saturday. In the background is the Island of San Giulio which we will visit today. It has been quite hot, and we have spent two days at the swimming pool. However, the climate at William's flat is tempered by a frequent pleasant breeze. The flats which William arranged for our family are comfortable and have balconies and small well-equipped kitchens.
